

DS4 Halo vs official DS4

DeepSeek V4 Flash 0731 · AMD Strix Halo, 128 GB · Published and recorded results

DS4 Halo: initial 2K, prepared resident 4K, complete first-use long prompts. Official DS4: published 2K increments.

Official main publishes gfx1151 results at 2K, 4K and 16K; 32K/64K/128K values are unavailable in that report.

Different campaigns and protocols; no controlled speedup is inferred from these curves. K = 1,024 tokens.
